DESCRIPTION OF AGREEMENT:

Landowner agrees to the required maintenance of holding tank as follows:

- Water meter shall be installed and operable to record indoor water use, if required by Beltrami County ESD permit.
- Tank shall be equipped with manual or electronic alarm set at 25% reserve capacity.
- Tank shall be pumped at 75% capacity, OR on or before 31 Oct of each year, OR when required by Beltrami County ESD.
- It is the responsibility of the homeowner to contact septage hauler AND to keep current records submitted to Beltrami County ESD office by 15 April of each year including pumping records, and water meter readings for those with a meter.
- If nuisance conditions develop, or if ground surfacing of septage is observed, tank removal may be required.
- Failure to submit Maintenance Agreement and pumping evidence in a timely fashion may be grounds for Beltrami County to require removal of the holding tank.
- Beltrami County SSTS Ordinance standards for holding tanks in Section 702 must be complied with.
- Any other conditions attached to approval of the holding tank shall be noted on the agreement and be adhered to as condition of compliance.

Additional requirements/conditions of agreement: _____

X _____

SIGNATURE OF HOMEOWNER - by signing this agreement, you acknowledge that you understand and agree to the requirements to own and operate a holding tank in Beltrami County. Failure to comply with this agreement may result in enforcement action and may include penalties and/or removal of the holding tank.
