

*Beltrami County, Minnesota Capital Improvement Plan (CIP) Section One
Transportation Improvement Plan (TIP)*

The road system in Beltrami County is made up of a combination of ownerships, including state and federal agencies, the county, townships, tribal governments, and private roads. For the purposes of the Beltrami County TIP, only two road types are included. The road types are:

County State Aid Highway (CSAH) – A road or street established and designated under county jurisdiction, in accordance with Minnesota Statutes Chapter 162.

County Road – A road established and designated under the sole authority of the County Board.

Typically, CSAH's are identified in the County numbering system with one- or two-digit numbers; three-digit numbers identify County Roads. The County has 464 miles of CSAH's and 251 miles of County Roads.

Funding for CSAH's is provided through the Highway Users Tax Distribution Fund, the County Local Option Transit Sales Tax, and additional support from the county. Beltrami County anticipates to receive approximately \$5.6 - 6.4 million each year from the HUTDF and \$4.5 million from the sales tax to make improvements to CSAH roads. County roads only receive funding through Beltrami County. For purposes of developing the TIP, \$900,000 per year is designated from the Payment in-lieu of Taxes revenue to help fund maintenance and improvements to the county road system.

The Transportation Improvement Plan provides a multi-year guide and strategy to maintain and improve our road system. The TIP will be reviewed and revised on an annual basis as part of the budget process. Changes to the projects in the TIP should be expected. Changes may be caused by variations in funding levels, opportunities for grants or other aid, emergency needs, or simply changes in priorities. A 5-year construction summary and a yearly schedule with a description of the proposed projects follow.

	Federal Funds	State Aid Funds	County Funds	Other Funds	County SalesTax	Total Cost
2024	\$ 804,000	\$5,107,709	\$2,075,000	\$1,083,291	\$3,450,000	\$12,520,000
2025	\$315,827	\$5,209,173	\$1,450,000	\$200,000	\$8,475,000	\$15,650,000
