SECTION 2 Hauler License Types:

Haulers shall indicate below which license(s) they wish to apply for:

_____ (collection of MSW, Special Waste, and Recyclables to be delivered to the Bemidji Transfer Station; or other approved permitted facility by this Department) Example: Asbestos Direct Hauled to Polk County Landfill

_____ (collection of Yard Waste, Tree Debris, and Demolition Debris to be delivered to the Beltrami County Demolition Landfill, or other permitted landfill)

_____ (temporary hauler license)

SECTION 3 License Application Process:

The Applicant herein applies for a license to operate a local solid waste collection and/or transportation hauling service within Beltrami County, Minnesota.

All applicants are herein referred to the Beltrami County Solid Waste Ordinance, currently on file in the County Auditor's Office and available on the Beltrami County website. The provisions of the Beltrami County Solid Waste Ordinance state the authority for this license and the specific application requirements contained therein.

This license shall be good for a period of up to one year and shall expire on December 31 of the year for which it was issued, unless continued, suspended, or revoked by the Beltrami County Board of Commissioners.

In accordance with the provisions of the Beltrami County Solid Waste Ordinance, issuance of this license shall be contingent upon the Applicant furnishing the following at a minimum:

1. License Fee. License fee of \$100 per license, payable to: "Beltrami County Solid Waste".
2. Commercial General Liability Coverage. Occurrence based liability policy which shall include, but not limited to, coverage for bodily injury, property damage, personal injury, contractual liability (applying to this license, independent licensee, and "XC&U". As an alternative, an Insurance Services Office Comprehensive General Liability policy that includes a "Broad Form Endorsement" shall be considered acceptable policy form. General liability coverage in the amount of \$1,000,000 single occurrence, \$2,000,000 aggregate, shall apply to liability for bodily injury, personal injury and property damage
3. A completed Certification of Compliance with Minnesota's Workers Compensation Law (MN. DOLI)
4. Service Area / Route map.
5. Current Fee Schedule/Hauling Rates
6. Current Vehicle DOT Inspections

	Other (List):		Other (List):

SECTION 5 Collection and Transportation Vehicles and Equipment:

Primary Vehicle and Equipment Available: List all collection and transportation vehicles to be used and evidence of current safety inspection(s):

1. All vehicles hauling MSW shall have leak-proof bodies of easily cleanable construction and all other vehicles or containers shall be completely covered to prevent their contents from escaping during transport. Each vehicle shall be clearly marked by either print, paint or decal, with the name, address and phone number of the service provider. Vehicle numbers and letters shall be a minimum of 3" in height.

2. All containers provided to the customer for on-site storage will comply with the Beltrami County Solid Waste Ordinance, and State Statutes/Rules.

License Plate	Model	Tare Weight/Capacity (CY)

A Hauler is required to provide to Beltrami County Solid Waste Department, an ANNUAL (Jan 1 to Dec 31) report of the total quantity and type of recyclable materials collected from Beltrami County businesses and residents, and the market destination for each. Unless otherwise requested by Beltrami County Solid Waste Department, the Annual Recycling report shall be submitted by February 15th as a requirement part of that years' Waste Haulers License. This information is used to complete the required State Recycling Report (SCORE Report).

A Hauler is required to provide to Beltrami County Solid Waste Department, a monthly report of the total quantity and type MSW collected from Beltrami County Commercial Site. Weight/volume will be recorded for each Commercial Site's container and submitted to the Department NLT 5 business days of the next month.

Unless otherwise requested by Beltrami County Solid Waste Department, the ANNUAL (Jan 1 to Dec 31) hauling report shall be submitted by February 10th as a requirement part of that years' Waste Haulers License. At a minimum this report will include: Waste Type, Volume, and Destination of waste.

SECTION 6 Volume or Weight Based Pricing:

As of January 1, 1993, in accordance with Minnesota Statutes 115A.93 Subdivision 3 (Licensing of Solid Waste Collection) Beltrami County requires that all licensees impose charges for collection of Mixed Solid Waste that increase with the volume or weight of the waste collected. Licensees shall establish a multiple unit pricing system that ensures that amounts of waste generated in excess of the base unit amount, are priced higher than the base unit price.

Furthermore, licensees cannot charge residents who recycle more than residents who do not recycle. This means licensees may include a recycling charge in fees and then residents can chose whether or not to recycle.

The Hauler must submit with this application that documentation necessary to establish that they use a volume based pricing schedule.

SECTION 7 Service Area(s) and Route(s):

All Haulers, shall indicate (by shading the map below) those areas in which they provide the following type(s) of service indicated: Residential burnable MSW service, Non-residential burnable MSW service and Non burnable MSW service.

SECTION 8 Waste Deposit Disclosure (Minn. Stat. 115A.9302):

State law requires that each year between January 1 and March 31, a person who collects construction debris, industrial waste, or MSW for transportation to a waste facility, must disclose to each waste generator from whom waste is collected the name and location of the disposal or processing facilities used, the type of permit held by the facility and the permit number, and the approximate waste deposited at each of the two primary facilities used. The disclosure must be made in writing at least once a year.

All written disclosures must contain the following statement:

"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system provides substantially more financial and environmental protection than depositing waste in landfills in other states. Managing your waste in Minnesota may minimize your potential liability."

If the primary facilities identified by the hauler are not located in Minnesota then the disclosure must state:

"The landfill to which your waste may be sent during the current calendar year is not a Minnesota landfill."

Are you in compliance with the aforementioned Waste Deposit Disclosure requirement? **Yes** or **No**
(Circle)

SECTION 9 Attachment Checklist:

The following must be attached to this license application for the application to be considered complete:

- _____ License Fee(s) (\$100 ea.)
- _____ Certificate of Insurance
- _____ Bond (\$5,000)
- _____ Vehicle DOT Safety Inspection Report(s)
- _____ Documentation of Volume/ Weight Based Pricing
- _____ MN's Worker Comp Certification
- _____ Notarization

The licensee will comply with the statutes and regulations applicable to the Minnesota Department of Labor and Industry on matters pertaining to occupational safety and health. On specific matters concerning equipment safety, fire prevention and employees safety requirements, contact the Accident Prevention Division of the Department of Labor and Industry. (Phone (651) 296-6116)

As of January 1, 1993, in accordance with Minnesota Statutes 115A.93 Subdivision 3 (Licensing of Solid Waste Collection) Beltrami County requires that all licensees impose charges for collection of Mixed Solid Waste that increase with the volume or weight of the waste collected. Licensees shall establish a multiple unit pricing system that ensures that amounts of waste generated in excess of the base unit amount, are priced higher than the base unit price.

Furthermore, licensees cannot charge residents who recycle more than residents who do not recycle. This means licensees may include a recycling charge in fees and then residents can chose whether or not to recycle.
