

How to Use Your Minnesota EBT Card

Cash on an EBT card is provided to help families and individuals meet their basic needs. These basic needs include food, shelter, clothing, utilities and transportation. These funds are given until families and individuals can support themselves. It is illegal for an EBT user to buy or attempt to buy tobacco products or alcoholic beverages with the EBT card. If you do, it is fraud and you will be removed from the program. Do not use an EBT card at a gambling establishment or at a retail establishment that provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state.

What is your EBT card?

Your EBT card is a safe, convenient and easy way for you to get your cash and food benefits each month.

- Your benefits will be put in an account set up for you.
- You must use the card to get your benefits.
- You may use your EBT card online, at stores, ATMs or places food is sold, such as farmers markets, to spend your Supplemental Nutrition Assistance Program (SNAP) or cash benefits. There may be signs that say "EBT accepted here" or "SNAP accepted here."

How to get your card

If this is your first time getting public assistance in Minnesota

- Your first EBT card will be mailed within two business days of your worker approving your first cash and/or food benefits.
- Sign the back of the card as soon as you receive it.

If you have previously received public assistance in Minnesota and are reapplying

- Benefits will be loaded on your current EBT card
- If you do not have your EBT card, you need to request a replacement EBT card

If you get food benefits only, and later start getting cash benefits too

You will be mailed a new card with your name on it. Your old card will be canceled 30 days after the new card is mailed or once you start using the new card, whichever happens first.

If you need a replacement EBT card

Call customer service at 888-997-2227 and request a new card be mailed to you. It will take about five business days to get the new card.

- There is a \$2 charge for all replacement EBT cards
- A \$2 card replacement fee will be deducted from your cash or food benefits

What you can buy with SNAP benefits

SNAP benefits can be used to buy most foods and nonalcoholic beverages as well as plants and seeds to grow food to eat.

See a full list of eligible foods and restrictions at fns.usda.gov/snap/eligible-food-items.

Food bought with SNAP benefits must be received at the time of purchase, except if you buy shares in a CSA (Community Supported Agriculture) up to 14 days in advance of getting the share of food.

Where to use your EBT card

You can use your EBT card at most grocery stores, convenience stores, farmers markets, ATMs, cash checking businesses and certain online retailers. Find a list of eligible stores and retailers here: fns.usda.gov/snap/retailer-locator.

Point-of-sale (POS) machine

A POS machine is a machine in a store or farmer's market that reads your EBT card when you buy food or non-food items or withdraw cash benefits.

You can use a POS machine to:

- Buy food with food or cash benefits.
 There is no minimum dollar amount per transaction or maximum limit on the number of transactions allowed. Transaction fees can't be added to your buy of food items with an EBT card.
- Buy non-food items with cash benefits.
- Withdraw cash from cash benefits.
- Get cash back with a buy from cash benefits.
 Some stores may limit the amount of cash you can get back from your cash benefits.

Online

You can buy eligible food items online with certain retailers. Only EBT food benefits can be used online. Find a list of online retailers that accept EBT at **fns.usda.gov/snap/online-purchasing-pilot**. A separate payment type is required to buy items that are not eligible for SNAP and to pay any delivery costs. EBT cash benefits can't be used as the separate payment type.

At an automated teller machine (ATM)

You can withdraw cash from your cash benefit account at an ATM. You can't use an ATM to get cash from your food benefit account.

At check cashing businesses

You may be able to get your cash benefits at some businesses that cash checks.

Important EBT account information

Sometimes errors occur in the EBT system that may cause your EBT cash or food benefits to increase. When this happens, your account can be adjusted. You will receive notice when this happens. If you do not agree with the notice, you have the right to appeal and request a fair hearing. To request a fair hearing, contact your financial worker at your county or Tribal Nation office.

If you see a transaction on your account that you do not agree with, you have the right to request an adjustment to your record. You have 90 days from the transaction to request a correction. To request an adjustment call 888-997-2227.

You may be able to get replacement benefits if food bought with your SNAP benefits are destroyed in a household misfortune like a power outage or fire. The loss must be reported to your county or Tribal Nation office within 10 days from when the food was destroyed.

How to care for your EBT card

Your card is like cash - keep it in a safe place

- Call customer service right away if your card is lost or stolen.
- Put your card away as soon as you finish using it.
- **Do not** let others use your card. Lost benefits may not be replaced.
- **Do not** leave your card lying around, even at home.

Do not throw away your EBT card

- Use the same card every month as long as you receive benefits.
- If you move out of state, you will be able to use your card to get your unused food benefits.

Misuse of your EBT card is against the law It is a crime to defraud the system or to sell your card and PIN to others. It may result in criminal charges against you and your benefits may end.

It is illegal for an EBT user to buy or attempt to buy tobacco products or alcoholic beverages with the EBT card. If you do, it is fraud and you will be removed from the program.

If you repeatedly lose your card, the county or Tribal Nation office may investigate your case or assign a representative to receive your benefits for you.

How card fees work

You will receive four free cash withdrawal transactions per month. These cash withdrawals may be at a POS machine or an ATM. You will be charged \$1 for each additional cash withdrawal, up to a maximum of \$10. A cash-only withdrawal is for an amount up to the balance remaining in your cash account. There is no charge for a cash buy transaction or if you get cash back when you make a buy. Some ATMs may charge you a fee to use the machine in addition to the cash withdrawal transaction charge. The ATM will tell you if it charges a fee before you make your cash withdrawal. If you do not want to pay the fee, you can cancel your transaction and go to an ATM that does not charge a fee.

How to set or change your PIN A PIN is four secret numbers you use with your card to access benefits. Every time you use your card, you must enter these four secret numbers. To help prevent fraud you are not able to select a "common" PIN. Common PINs include:

PIN (Personal Identification Number)

?

= PIN

		•	•	•	
0000	0001	0002	0003	0004	
0005	0852	1111	1212	1234	
2345	2580	3456	4567	5678	
5555	6666	7777	8888	9999	

When you select your PIN, choose four numbers that you can remember but that other people can't easily guess.

?

How to set or change a PIN

- Call customer service at 888-997-2227
- Visit your county or Tribal Nation office
- Visit the ebtEDGE cardholder portal at www.ebtEDGE.com
- Access the ebtEDGE mobile application, available for IOS and Android, at www.FISGLOBal.COM/ **EBTEDGEMOBILE**

You have four tries each day to enter your correct PIN. After four incorrect tries, you can't use your card until 12:01 a.m. the next day.

PIN safety tips

- Keep your PIN secret. Memorize it.
- Change your PIN often
- Change your PIN when getting a new card, or before or after your monthly deposit
- Do not re-use previous PINs
- Do not let anyone (even the store clerk) see your PIN when you enter it at the POS machine or ATM
- Do not write your PIN on your card. If you need to write down your PIN, keep that paper in a different place than your card.
- Temporarily freeze your account, block out-of-state transactions and block online transactions at www.ebtedge.com or on the ebtEDGE mobile app.
- Your benefits may not be replaced if someone else uses your card without your approval.

How to use a POS machine

Note: There are no minimum dollar amounts for an EBT purchase.

To buy food

- Slide your card through the POS machine.
- Check the amount that shows in the POS window.
- If the amount is correct, enter your PIN. Press ENTER.
- Take your card, receipt and groceries.

The steps you follow may be different for each type of POS machine. If you need help, ask the sales clerk.

Remember:

- You will not get change from your food benefits when you buy food. The balance will remain in your account.
- You can use POS machines to buy food as many times as you want each month until all your food benefits are used.

To withdraw cash

Ask the sales clerk if you can withdraw cash benefits at this store. If the store allows you to withdraw cash

- Slide your card through the POS machine
- Tell the sales clerk the amount of cash you want
- Check the amount that shows in the POS window
- If the amount is correct, enter your PIN and press
- Take your card, cash and receipt from the sales clerk.

Remember:

- Cash withdrawals are not allowed from food benefits.
- Non-food items are paid from your cash benefits account, or you can pay cash.
- Cash withdrawals can't be done in the store if your card can't be read by the POS machine.

If the POS machine is not working

If the POS machine in the store is not working when you make a purchase with your SNAP benefits, the sales clerk will ask you to sign a form for the amount of food you buy.

There may be a \$50 limit on the amount of food that you may buy if the POS machine is not working. Stores have the option of not accepting EBT when the POS machine is not working.

Check the amount on the form. It should be the same amount as the food you purchased.

If the amount is correct, sign your name and record the date.

The clerk will call customer service to check if you have enough benefits in your food account to buy the food. If you do, the total food amount will be subtracted from your food benefits.

This form is also used by food merchants (like farmers markets) that do not have POS machines.

Remember – do not tell the sales clerk your PIN!

How to use an ATM to withdraw cash

- 1. Insert your card.
- 2. Enter your PIN. Press Enter.
- 3. Select Withdrawal.
- 4. Select Checking
- 5. Enter the dollar amount. Select Correct or Cancel.
- 6. Take your cash.
- 7. Another transaction? Select No.
- 8. Take your card and receipt.

Remember:

- The steps you follow may be different for each type of ATM.
- You may be able to withdraw all of your cash benefits from an ATM in one day. It may take several transactions to do that if the machine has a limit on the amount of cash you can withdraw each time.
- For single dollars and cents, use a POS machine in a store for a cash buy or, if allowed, a cash withdrawal.

How to use your EBT card safely Safety tips at the store

- Check the food amount that shows in the PIN pad window before you key in your PIN.
- Do not let the store clerk or anyone else see your PIN as you enter it.
- Do not let the clerk or store manager leave the area with your card.

Safety tips at the ATM

- Have your card ready.
- Always use ATMs in well-lit areas.
- If you sense danger, cancel your transaction. Take your card and leave the area right away.
- At night, if you are alone, use an ATM inside a store.
- Do not count your money at the ATM.
- Do not let anyone see your PIN as you enter it.
- Put your cash, card and receipt away quickly.
